## Evidence Preservation

Our team examines evidence in a secure, on-premises digital forensic lab and is staffed with certified forensic examiners who are qualified to testify in State and Federal Courts.

## Risk Mitigation

We work with you to reduce the risk of potential sanctions or adverse inference instructions.

## Cost Predictability

We manage cost and resources during the discovery process. We give you reliable estimates on cost every step of the way so you know going in what your exposure is.

- Defensible data preservation
- Forensic analysis
- “Meet and confer” assistance
- Discovery strategy
- Data Mapping
- Expert witness testimony
